

# Project Meeting Form

**Student Name:** Ryan Collins

**Supervisor Name:** Andrei Krokhin

**Date:** 22/03/19

**Progress:** (circle at least one): Good;

**Progress achieved since last meeting**

Got access to the mask attack dataset.

Merging VoxNet and VRN 3D reconstruction network in the same model failed – connecting the two together using tensor based operations seems not to be the best option, so the final option is to conduct reconstruction in the preprocessing phase.

**Feedback given:**

*Things going well:*

All goes according to plan

*Things needing to improve:*

**Objectives for next meeting (e.g. reading, implementing, writing tasks):**

Write up. Think about set-up for the oral.

Train VoxNet on mask attack dataset.

**Medium term objectives:**

Implement and train the both 2D and 3D CNN liveness tests

**Any other issues/difficulties:**

**Date of next meeting:** TBA, after Easter.

Circulation: Student; Supervisor
